

## Deep Groundwater Survey in Kenya

*Data misfit cross plot after six iterations*

- Objective:** Groundwater survey
- Survey date:** February 13, 2006
- Survey site:** Thika, Kenya
- Instrument:** SuperSting R8/IP with 84 electrodes at 20 meter spacing
- Electrode array:** Combined dipole-dipole/Schlumberger/pol-dipole
- Processing:** Joint inversion of dipole-dipole/Schlumberger/pol-dipole data using the EarthImager 2D inversion software
- Units:** Meter and Ohmmeter
- Data courtesy of Engineering Battalion in Thika, Kenya**
